It would be great to have your help - Vicky B and Karen are leads for pulling together briefing materials for the Administrator for next week, A bob Sussman prep session is planned.

We talked this morning about having the Dimock site arrayed on a map and the data arrayed on some sort of graph that isnt overly complicated.

See what Vicky and Karen may need and where you can assist.

Perhaps you can synopsise key points of the Open Letter as a possible handout as well - thanks much.
